

# Aaron Ng

33-37 Mott Street Apt #38, New York NY, 10013

Phone: 347-374-1976

E-Mail: aaronpng@gmail.com

Github: github.com/AaronPNg

## Objective

An internship or full time position where I may gain a stronger foundation in computer engineering and contribute whatever possible with my own experiences in software development.

## Notable Courses

Software Engineering, Analysis and Design, Networking, Operating Systems, and Capstone

## Education

### CUNY Hunter College (2013 – 2017)

Major: Computer Science

Minor: Mathematics

### University Neighborhood High School (2009 – 2013)

Regents Diploma

National Honors Society and Honor Roll

## Work Experience

### Elementary School Tutor (2013 – Summer of 2016)

True Light Lutheran Church, 195 Worth Street, New York NY, 10013

- Assisted other workers with hardware and software related technical difficulties
- Guided small workshops on using computers

## Project

### Voting-booth utilizing Bloch-chain Technology

- Part of college capstone course group project where I was in charge of the Graphics User Interface (GUI), coded in python, that sent information from the ballot, on a raspberry pi or other Windows computers, to the other nodes in the server, who added the information as blocks to their respective block-chains via permission from a central server.

## Programming Languages

(Proficient) Python, C++

(Familiar) HTML, SQL, Java/ Android Studio
